Mission Statement

Krossfire Paintball is the oldest paintball park in South Texas. We have served the San Antonio paintball community for almost 11 years now. We pride ourselves in not only having the best facility for players, but we also strive to have all the latest paintball equipment in our Pro-Shop. We have the widest selection of paintballs and our prices are lower than any other place in town. Krossfire's guarantee to our customers is that we will have what you need, when you need it. We have made ourselves a one-stop-shop, so you don't have to run around to different places to get your paintball supplies.

Thank you for choosing Krossfire Paintball Park. We hope you will visit us again soon. We are currently building new fields to give our players more of a variety. Our facility is known around the world since we are the home of Animal Paintball's big event, Bunkerfest. It is not only the largest event in Texas but also one of the largest events in the world! We have 12 fields including four wooded fields, a two-story fort, The New Village with over 6 large buildings, a Hyper-ball field, a large Spool field, two Leggo-style fields, and two Air-ball fields. No other paintball park in Texas gives players a better selection of fields. Our Pro-Shop is known for having the cheapest prices and the highest quality items. Krossfire is the most popular paintball park because we have the best staff, the best fields, and the best prices. See you next weekend!!!
